Not Accurately Known Yet The

Text of Spain's Answer to

the United States.

A CUSTOM HOUSE SEIZED.

Madrid Hears of Doings at Porto

Rico and Advance of Amer-

icans on Guayama--

Sixteen Spaniards

Killed.

Madrid, Aug. 7. O. A. M. Until after

the meeting of the cabinet council which

was set for 10 o'clock this morning, it

will be impossible to know accurately

the text of Spain's answer to the Amer-

ican protest.

When a well informed source it is

learned, however, that while the answer

does not discuss the four bases which

the United States makes an essential

condition to peace, and which Spain

accepts without reservation, it points

out that in order to avoid the definite

negotiations being in any way com-

promised by incidents of the war it is

expedient to agree before hand to a sus-

pension of hostilities.

It is reported that Duke Almodovar

de Rio, the minister of foreign affairs,

and Mr. Merry del Val, Spanish am-

bassador to the Vatican, will be selected

to represent Spain in the negotiations.

It is also reported that no question of

the situation, owing to the strictness of

the censorship.

12.30.—Senor Sagasta has just con-

cluded a conference with the Queen Regent.

His Majesty approves the general lines

of the reply of Spain to America's peace

terms, which Senor Sagasta explained

to her. The reason for postponing the

final text until six o'clock this evening

is that the note is not yet fully

drawn up. The government believes

that the United States will accept

Spain's answer, which will certainly

reach the White House by Tuesday.

As a consequence of the United States

accepting the reply, hostilities will im-

mediately afterwards be suspended.

As the reply to the American terms

was only submitted to the Queen Re-

gent today all the reports of her ap-

pearance yesterday of the American de-

putations are necessarily without founda-

tion.

A. P. M.—An official despatch from

Porto Rico says the Americans yester-

day seized the custom house in the vil-

lage of Pajaro, which place was with-

out a garrison.

An American column, the despatch

also says, supported by artillery advanced

on Guayama. The Spaniards made a

brave defense but were forced to

withdraw to Alturas. Seventeen of the

Spaniards were killed.

REPLY EXPECTED TO-DAY.

Madrid, Aug. 7. 10 P. M. The cab-

inet cannot formulate the answer com-

pletely approved the reply to the

United States, which, it is said, accepts

the American conditions.

The reply will be telegraphed to Sen-

tor Leon y Castillo, the Spanish am-

bassador to France, tonight at San

Chas. The French ambassador at

Regardless of Progress of Peace

Negotiations, Gen. Wade's

Division for Miles Will Go

to Porto Rico.

Washington, Aug. 7. Although as yet

without official confirmation of the re-

port from Paris that the Spanish gov-

ernment has decided to accept the terms

laid down by the United States as es-

sential to the negotiations of a treaty of

peace, the officials are proceeding under

the conviction that the end has come and

are giving attention to the steps to be

taken next.

In view of the delay in coming to this

decision, the idea was beginning to

prevail that the Spanish government

was about to enter a plea for a settlement.

and the longer war, would again be in-

cluded. In this case the President was

disposed to deal firmly with the issue,

and give notice that his proposals were

withdrawn, and to let it be understood

that when Spain again sued for peace

the conditions would be more severe

than those first laid down. If the Span-

ish answer should embody an effort to

secure any material change in the condi-

tions it will meet with prompt rejection.

Some reference has been made in the

despatches of British papers to a desire

on the part of the Spanish government

to include in the preliminary agreement

a clause exempting it from liability for

the Cuban debt. The formal statement

of the points of the United States note

given out from the White House made

no reference to this subject and it can-

not be known as yet whether or not the

full text shows anything more. But

presumably that no reference whatever

is made to the Cuban debt, it is possible

the subject may be regarded as one that

should be treated by the peace commis-

sioners, who are to meet later to frame

the treaty which, of course, will embody

many details that are left untouched in

the main proposition, though cabinet of-

ficers have authorized the statement

that no part of the Cuban or Porto Rican

debts would be assumed by the United

States.

ANSWER EXPECTED MONDAY.

Based upon the Associated Press re-

ports of the progress being made at

Madrid towards returning the answer

of Spain it was calculated by the de-

partment officials that the formal note

could not be delivered to the President

before tomorrow, and that was also the

belief of the French ambassador.

From the length of time consumed in

its preparation the note was believed to

be long, thus entailing the consumption

of much time in forwarding it first to

Paris, reducing it to cipher there, trans-

mitting it over the cable and then re-

transmitting it at the French embassy.

In case the articles of the embassy

who worked nearly all night to prepare

their communication to the Spanish gov-

ernment, although the conference with

the President closed before 8 o'clock in

the afternoon with the ambassador in

possession of the United States note,

Should the Spanish answer be an un-

conditional acceptance of our terms, the

negotiations may be necessary to agree

on, provision will be made for a num-

ber of light draft ship wheel steamers,

possibly New York Ferry boats, to take

the men ashore from the big steamers.

An order has been issued by Adjutant

General Corbin for the 101st Indiana

U. S. V., now at Camp Mount, Indian-

apolis, to proceed to Jacksonville, Fla.,

spondent of the Times, telegraphing on

Sunday, says:

"Today all the best authorities agree

that the government has decided to ac-

cept the American conditions. The

American reply to Spain's request for

explanations reached Madrid Friday

evening. The text has not been divulged

but it is known that it brought little

consolation.

President McKinley turned a deaf ear

to the suggestion that Porto Rico might

be left to Spain, and the compensation

sought elsewhere. Regarding the Phil-

Chief of Police Gilman went to Cape Elizabeth on Saturday afternoon with the Henderson box, who was placed in State Reform School.

Bangor friends will regret to learn of the death of the Rev. Mr. J. W. Litcher, formerly of this city. Mr. Litcher was about 70 years of age. He removed from Bangor some ten years ago, and less than a year ago he was again in the city.

Many Bangor people were out of town on Sunday for the various excursions. The Bangor Salubria and Orono County Fair, which was held at the latter place, was well patronized. The weather was fine and the excursionists enjoyed themselves.

Personal Mention.

Charles T. Young, of the U. S. Fish Commission, passed through Bangor on Saturday. He is a native of this city. Mr. J. A. Clifford, who is visiting in Bangor, will leave for his home in New York on Saturday. Mr. J. A. Clifford, who is visiting in Bangor, will leave for his home in New York on Saturday. Mr. J. A. EASTERN MAINE FAIR.

Fine Attractions For the Many Thousands Who Will Come to Bangor.

A myological illusion, the re-creation of Galatea, a famous mechanism which has pleased thousands, after being given in several engagements at Bangor and other business centers, now comes to the Eastern Maine State Fair. A History tells us that Pygmalion was a great sculptor. The once made a statue to perfect and beautiful that he became infatuated with it, so much so that night after night he could be found in his studio in front of the image, praying to his gods that it might be endowed with life and speak to him. One day he thought he saw a change in the statue. He jumped up and with his eyes almost starting from their sockets he beheld the blood flowing through the image. The muscles moved, the eyes commenced to twinkle, the mouth opened, she gasped for breath and became a living, beautiful woman and spoke to Pygmalion. Now, with the aid of science and great mechanical process, we are enabled to turn a solid statue placed on a pedestal, into a living, beautiful lady. Then the next change is made. You will see this beautiful woman, who has just talked to you, commence to fade. The color drains away, and she becomes a statue again. Then you see the bones crumble, and from the first grows a handsome young man, which is hidden to the audience. All these changes are done right before your eyes on a pedestal.

This is only one of the novel features of the great fair at Bangor.
